ISSUE 2 – AUGUST 2021

Introducing our New Doctor

Dr Vanessa Ross

We are pleased to share with you that Dr Vanessa Ross joins the dedicated team of fertility specialists here at Melbourne IVF consulting from our East Melbourne clinic. Vanessa is a compassionate & dedicated fertility specialist and is one of only two gynaecologists in Australia completing a dual subspecialty in infertility and endosurgery. Vanessa has completed a 3 year clinical subspecialty fellowship in reproductive

endocrinology and infertility in addition to a two year endosurgical fellowship and holds a public appointment at the Reproductive Services Unit at the Women's Hospital. We are confident your patients will be given the very best of care with Vanessa.

To organise a referral to Vanessa, please contact us on 1800 111 483 or email info@mivf.com.au.

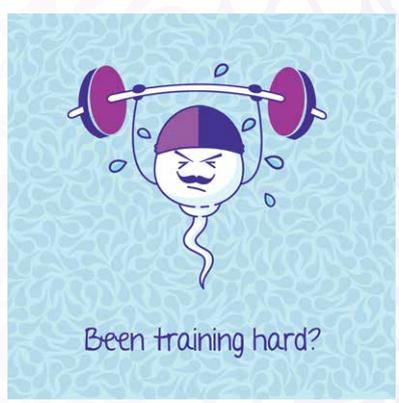

WE'RE SUFFERING FROM A NATION-WIDE SPERM SHORTAGE AND NEED YOUR HELP!

We're looking for the fastest, healthiest swimmers to help people in need start their family. Do you have patients who might be willing to help? Many people need a sperm donor to grow their family, and sperm donation is an extraordinary gift.

Our new Sperm Donor campaign has recently launched, with the hope of finding sperm donors to help Victorians achieve their dreams of parenthood.

If you'd like to find out more about the process of sperm donation

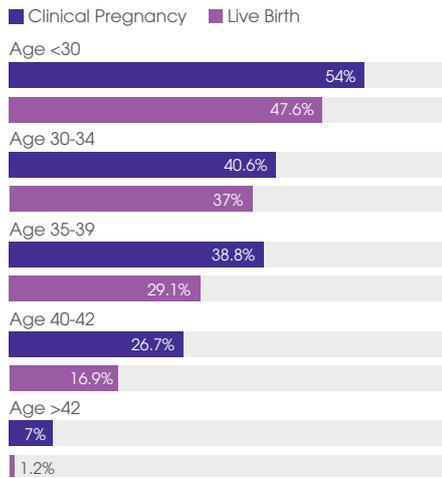

and how you can help spread the word and refer potentially eligible sperm donors, call **1800 111 483** or email info@mivf.com.au

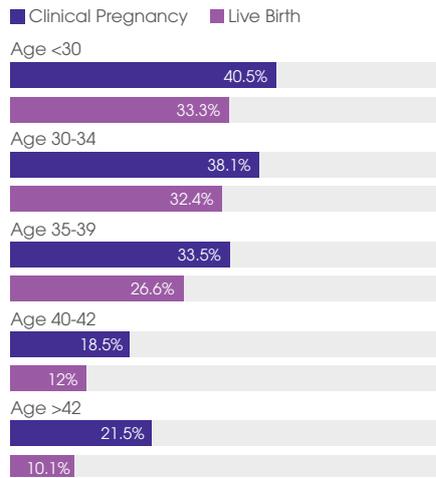

Melbourne IVF – Australia’s #1 in Fertility

Our leading clinicians, pioneering science, and supportive team give patients the best chance of success. This is evidenced in our results over time:

FY18-19 Fresh Blastocyst Transfer (Day 5)

FY18-19 Frozen Blastocyst Transfer

Here’s what we believe sets us apart:

- Individualised care offered by a leading team of highly skilled Fertility Specialists
- Commitment to research and innovation
- Our ability to serve a diverse patient profile through a comprehensive range of fertility assessments with advanced treatment options
- Convenience and choice, with clinics across Melbourne

Visit mivf.com.au to find out more.

New Doncaster-Templestowe Clinic NOW OPEN!

We are pleased to announce that we have upgraded our Box Hill Site and relocated to 268 Manningham Road, Templestowe Lower. Our beautiful new location is a less than ten minute drive from Box Hill and has additional benefits for your patients, with undercover parking, access to allied health services and other complimentary services within the building.

Our supportive team of nurses, administration staff, scientists & counsellors, will, as always, be there to help your patients’ fertility care requirements.

268 Manningham Road, Templestowe Lower
For new enquiries Phone: 03 9006 5500

To meet demand, Melbourne IVF is pleased to announce that we have expanded our services in the Mornington Peninsula. We are excited to offer your patients extra convenience with new local pharmacy and scanning service. Dr Julianne Cameron and Dr Jim Tsaltas continue to operate from The Bays Hospital and Dr Genia Rozen from the Peninsula Private Hospital.

Reproductive Medicine Education 2021

40 Point CPD Masterclass in Mount Waverley
Two Sessions will be held on 21 and 28 August

We’ve had an overwhelming response to our upcoming sessions and are committed to making available more education over the next few months.

Please register your interest if you would like to attend future sessions, alternatively, if you are interested in education in your centre, we can assist in arranging educational events with CPD points to help expand your knowledge on all things fertility, hosted by our leading fertility specialists.
